No greetings in person from all our friends, will this pandemic ever end?

                          G                            G7                            C                            Edim  
No shows or concerts any night, hard to sing with masks on tight..

Can only gather together on Zoom, and not in person in a room.

                          C                            Cm                            G                            D7                            G G7  
Friends and relations, need vaccinations...sure as the stars shine above.

Can't be with the ones we love.
